

# LINC LN SCHOOL

**NEWSLETTER**  
Week of November 9, 2020

Dr. Stephen Ferraro  
Principal

Phone: (201) 994-1830

**Upcoming Events:**  
**November 26-27: Thanksgiving Recess - No School**

## Kindergarten News:

### Ms. Lane and Ms. Sinclair

Can you believe we are already in the middle of November? We have been having so much fun in Kindergarten for the past three months, and our Kindergarteners have been working so hard! This is a difficult time for all of us, but we are so proud of all the progress they have made thus far. In school, we have been working on main characters, and making inferences while reading. Next week we will start learning about how to be awesome writers! In Math, we have been working on forming our numbers and comparing groups. Please make sure you are practicing sight words, letter sounds, letter formation, and number formation at home. Finally, thank you for all of your patience and support so far this year. It has been greatly appreciated!

## First Grade News:

### Mrs. Davis and Ms. Rapp

The First Graders have been busy working on their short vowel sounds. We have also been practicing our writing skills. In Math, the students just completed Topic 3, where we learned about addition strategies: counting on, using a number line, doubles, doubles plus one, and making a ten. We also learned all about why we celebrate Veterans' Day. Students used describing words to write about Veterans.

Please practice your spelling words and sight words each week, continue reading each night, and complete your reading log.

## Second Grade News:

### Ms. Manzo and Mrs. Olivieri

The Second Grade classes are working very hard, and we are very proud of all of you! You soared through our weather unit, and learned about different types of clouds, storms, and the water cycle. Our Math has focused on adding, finding even and odd numbers, and now adding two digit numbers. The month of November will bring about studies on our Nation's Story, our founding fathers, and Thanksgiving. We will write about our favorite family traditions, and why they are important to our family. We will continue to read stories and ask ourselves questions about the characters, and how they have changed from the beginning of our story to the end of the story. We are learning to identify emotions in both ourselves and our friends. We talked about how to express our emotions and ways to help us calm down when we are feeling upset or mad.

We want you to know that we are very proud of all of you! You are working so hard and making strides in all areas. Keep up the great work. Remember, we are always here if you need us. Stay safe. 😊

## Third Grade News:

### Mrs. Cruz Betesh and Mrs. Houston

In Math, your child is learning to multiply by using 0, 1, 2, 5, 9, and 10, as factors. Help him or her learn these multiplication facts by using patterns. Skip counting patterns can help your child with multiplication facts, by using 2, 5, and 10, as factors. For example, to find  $2 \times 7$  or  $7 \times 2$ , skip count by 2s, seven times. Also, your child has been instructed to practice multiplication facts daily. Make or buy multiplication math facts flashcards. Keep up the good work!

1	2	3	4	5
$1 \times 1 = 1$	$2 \times 1 = 2$	$3 \times 1 = 3$	$4 \times 1 = 4$	$5 \times 1 = 5$
$1 \times 2 = 2$	$2 \times 2 = 4$	$3 \times 2 = 6$	$4 \times 2 = 8$	$5 \times 2 = 10$
$1 \times 3 = 3$	$2 \times 3 = 6$	$3 \times 3 = 9$	$4 \times 3 = 12$	$5 \times 3 = 15$
$1 \times 4 = 4$	$2 \times 4 = 8$	$3 \times 4 = 12$	$4 \times 4 = 16$	$5 \times 4 = 20$
$1 \times 5 = 5$	$2 \times 5 = 10$	$3 \times 5 = 15$	$4 \times 5 = 20$	$5 \times 5 = 25$
$1 \times 6 = 6$	$2 \times 6 = 12$	$3 \times 6 = 18$	$4 \times 6 = 24$	$5 \times 6 = 30$
$1 \times 7 = 7$	$2 \times 7 = 14$	$3 \times 7 = 21$	$4 \times 7 = 28$	$5 \times 7 = 35$
$1 \times 8 = 8$	$2 \times 8 = 16$	$3 \times 8 = 24$	$4 \times 8 = 32$	$5 \times 8 = 40$
$1 \times 9 = 9$	$2 \times 9 = 18$	$3 \times 9 = 27$	$4 \times 9 = 36$	$5 \times 9 = 45$
$1 \times 10 = 10$	$2 \times 10 = 20$	$3 \times 10 = 30$	$4 \times 10 = 40$	$5 \times 10 = 50$

6	7	8	9	10
$6 \times 1 = 6$	$7 \times 1 = 7$	$8 \times 1 = 8$	$9 \times 1 = 9$	$10 \times 1 = 10$
$6 \times 2 = 12$	$7 \times 2 = 14$	$8 \times 2 = 16$	$9 \times 2 = 18$	$10 \times 2 = 20$
$6 \times 3 = 18$	$7 \times 3 = 21$	$8 \times 3 = 24$	$9 \times 3 = 27$	$10 \times 3 = 30$
$6 \times 4 = 24$	$7 \times 4 = 28$	$8 \times 4 = 32$	$9 \times 4 = 36$	$10 \times 4 = 40$
$6 \times 5 = 30$	$7 \times 5 = 35$	$8 \times 5 = 40$	$9 \times 5 = 45$	$10 \times 5 = 50$
$6 \times 6 = 36$	$7 \times 6 = 42$	$8 \times 6 = 48$	$9 \times 6 = 54$	$10 \times 6 = 60$
$6 \times 7 = 42$	$7 \times 7 = 49$	$8 \times 7 = 56$	$9 \times 7 = 63$	$10 \times 7 = 70$
$6 \times 8 = 48$	$7 \times 8 = 56$	$8 \times 8 = 64$	$9 \times 8 = 72$	$10 \times 8 = 80$
$6 \times 9 = 54$	$7 \times 9 = 63$	$8 \times 9 = 72$	$9 \times 9 = 81$	$10 \times 9 = 90$
$6 \times 10 = 60$	$7 \times 10 = 70$	$8 \times 10 = 80$	$9 \times 10 = 90$	$10 \times 10 = 100$
