Kindergarten News:
Mrs. Martinez & Mrs. Olivieri

Kindergarten is in full gear with learning. We are hard at work practicing our letter recognition and letter sounds. Our sight word list is growing weekly, please remember to practice with your child every night. A great way to do this is to look for the sight words in books you read before bedtime. In Math, we are working on number recognition and writing practice for numbers 1 through 5. As a reminder, Halloween is quickly approaching, if you have not sent in your class money, please do so by Monday, October 21st. Thank you! Lastly, a great big thank you to our firefighters who came for a visit during Fire Prevention Week. We got to practice stop, drop, and roll. We also learned about fire safety, and we got to see the fire truck and all the tools the firefighters use to help fight fires.

Upcoming Events:

October 24th:
1:00pm Dismissal – Professional Development. Breakfast will be served. NO lunch.

October 25th:
Halloween Dance 6:00pm-9:00pm

October 28th:
Marcel Studios' Picture Retakes and Makeups

First Grade News: Mrs. Davis and Ms. Rapp

Welcome Fall! The First graders love the fall season. We wrote about our favorite parts of fall. We read a story called *The Little Red Hen*. The students were able to identify the characters and setting of the story. We also completed a sequencing activity. In Math we are on Chapter 2, which focuses on subtraction. We had an awesome visit from our firefighters, and learned all about fire safety!

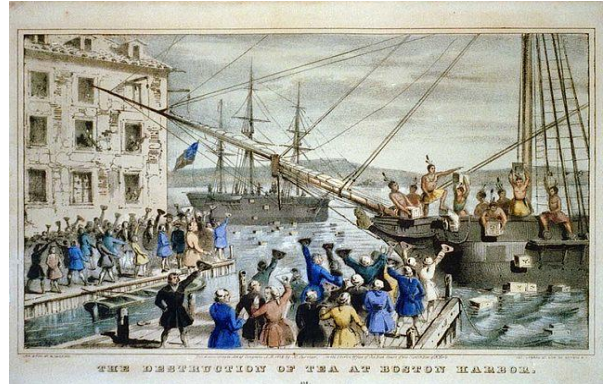

Second Grade News: Ms. Manzo and Ms. Thiemann

Our Second graders have been hard at work learning all the responsibilities of being a Second grader. Students have been working diligently learning story elements, and creating story maps for our guided reading and leveled stories. Students continue to have their moment to shine as Reader of the Day! Freddy and Teddy have been writing fantastic journal entries while visiting our students' homes! The Second graders look forward to that special moment when Officer Rob selects who Freddy and Teddy will go home with each weekend! We have successfully completed our first chapter in Math and have been working very hard at mastering our Math facts. Students are encouraged to utilize the IXL program, on a regular basis, to enhance learning. In Science, we are learning many important topics about weather. We are looking forward to the many hands-on projects that will be completed in the month of October, which are focused on weather. Please remember each child should be reading for at least twenty minutes and practicing Math facts each night. Have a wonderful weekend!

Third Grade News: Mrs. Betesh and Mrs. Houston

Third grade has been busy learning about the American Revolution. We found out that the Boston Tea Party was not a party, but the beginning of our nation's freedom. In Math we have been learning about interpreting and representing data. We have learned how to collect and interpret data by using tally tables, frequency tables, picture graphs, bar graphs, and line plots. This has definitely been our favorite Math chapter thus far. We can't wait to see where our Math journey leads us next.

Varieties of Apples in a food store	
Red Delicious	  
Golden Delicious	  
Red Rome	   
McIntosh	 
Jonathan	   

 = 10 apples  = 5 apples
